ABOUT ME

Full-stack developer and B.Tech student with three AWS certifications (AI Practitioner, Cloud Practitioner, Developer - Associate). Built and deployed AI-powered web applications, including an OpenCV-based manufacturing defect detection platform and an AI placement preparation platform, using React, FastAPI, Node.js, and Docker. Seeking a software engineering role to build scalable, real-world solutions.

PROJECT

VisionInspect AI: Manufacturing Defect Detection Platform
FastAPI, React, TypeScript, OpenCV, Docker Live Demo: visioninspect-ai-lovat.vercel.app

- Built a full-stack defect inspection platform with role-based dashboards, using SSIM-based reference-image comparison, defect classification, and weighted severity scoring to give Pass/Rework/Reject decisions.
- Added an analytics dashboard (defect trends, severity distribution, per-product-line reports), tested on the MVTec AD dataset, and deployed with Docker.

InterviewIQ – AI-Powered Placement Preparation Platform
HTML, CSS, JavaScript, Node.js, Express.js, Supabase, Gemini API, Vercel, Render
Live Demo: interview-iq-krhm.vercel.app | GitHub: github.com/Elakkiya2708/InterviewIQ

- Developed a full-stack web application featuring aptitude tests, AI-powered mock interviews, performance reports, and an interactive chatbot.
- Integrated Gemini AI, a local question bank fallback, and Supabase for authentication and data storage.

CERTIFICATES

AWS Certified AI Practitioner - Amazon Web Services **Sep 5, 2026**
AWS Certified Cloud Practitioner - Amazon Web Services **Sep 13, 2026**
AWS Certified Developer - Associate - Amazon Web Services **Sep 13, 2026**
Management Information System - National Programme on Technology Enhanced Learning
E Business - National Programme on Technology Enhanced Learning

INTERNSHIP

Cybersecurity & Networking Trainee **2026**
Cisco (BOOST 6.0 Program) | Chennai, India. (45 Days Remote)

- Gained hands-on training in cybersecurity fundamentals, network security concepts, and threat awareness.

Data Science & Analytics **2026**
Tamizhan Skills | Chennai, India. (1 month Remote)

- Applied data science and analytics concepts using Python on practical datasets.

Junior Software Trainee **2025 - 2026**
Eagle Hi-Tech SoftClou Solutions Pvt Ltd. | Chennai, India. (1 month On-Site)

- Contributed to software development tasks and gained hands-on experience with the development workflow.

EDUCATION

Bachelor of Technology
Easwari Engineering College
Achieved a CGPA of 9.0
2024 - 2028

Higher Education
Swami Dayananda Matriculation School
Achieved 86% in 10th grade and 87% in 12th grade
2022 - 2024

SKILLS

- Languages: Python, Java, C, JavaScript, TypeScript
- Frontend: HTML, CSS, React
- Backend: FastAPI, Flask, Node.js, Express.js
- Cloud and Database: AWS, Supabase, Docker
- AI/ML: OpenCV, NLP, Gemini API
- Tools: Git, GitHub, Vercel, Render, Excel
- Security: Network Security
- Spoken Languages: Tamil, English
